Dear Mayor Brummel-

I hope you and your family are well during these unprecedented times.

Today I noticed the city Facebook post highlighting the Commissioner need within Environmental Advisory Commission. I have a tremendous passion for the environment and am actually a new member of The GREEN Team within my company; L'Oreal. My hope joining GREEN Team was to learn how to be an Activist within my Community. When I noticed the opening on EAC, I felt compelled to express my interest!

The past two years as part of BPAC has been a wonderful experience. I have learned so much from the seasoned, passionate Commissioners on the team and have enjoyed seeing at least in small part how city government functions. Joining you at National Bike and Walk to School Days, National Night Out and Bike Rodeo have been a few highlights of my time on the Commission.

Yesterday I spoke with Kristin to let her know of my interest in EAC and have copied both Kristin and Alderman Weidner on this email.

Not sure if you need my resume or if it may still be on file. Please let me know.

I look forward to hearing from you!

Sincerely,  
Amy Murphy  
BPAC Commissioner
