Warrenville City Council
CC : Ron Mentzer - Community Development Director
City of Warrenville
2s258 Manning Ave
Warrenville, IL 60555

Dear Warrenville City Council:

I would like to install fencing on the northeast side of my property to tie into an existing fence installed by the previous owner of my home. The area that I would like to install is in a city ROW known as "Albright Street" on my plat of survey. My neighbors to the east and to the north have their fences installed in the same ROW. My goal is to enclose my yard for privacy and security.

- The fencing would be 6' decorative aluminum fence (pictures attached)
- I would continue to maintain the ROW just as I do now.
- The new fencing would be tied directly to the existing fencing in the ROW that was built with a permit by the previous owner years ago.

The ROW, known as Albright Street hasn't been used. And from conversations with the city, there are no plans to build a road on the ROW. By adding the fencing, it will add a needed level of privacy and security to my property. In the last few years, we have had multiple issues with trespassers on our property. One time someone stole one of my vehicles. Another time, someone broke into one of my vehicles. The police were called in both instances.

Thank you for taking the time to review my application.

Sincerely,

Joseph Tovo

Enclosure
