FISCAL RESPONSIBILITIES:

1. **Reimbursement Requests:** For reimbursement requests the **LPA** will submit supporting documentation with each invoice. Supporting documentation is defined as verification of payment, certified time sheets or summaries, vendor invoices, vendor receipts, cost plus fix fee invoice, progress report, personnel and direct cost summaries, and other documentation supporting the requested reimbursement amount (Form BLR 05621 should be used for consultant invoicing purposes). **LPA** invoice requests to the **STATE** will be submitted with sequential invoice numbers by project.
2. **Financial Integrity Review and Evaluation (FIRE) program:** **LPA's** and the **STATE** must justify continued federal funding on inactive projects. 23 CFR 630.106(a)(5) defines an inactive project as a project which no expenditures have been charged against Federal funds for the past twelve (12) months. To keep projects active, invoicing must occur a minimum of one time within any given twelve (12) month period. However, to ensure adequate processing time, the first invoice shall be submitted to

the **STATE** within six (6) months of the federal authorization date. Subsequent invoices will be submitted in intervals not to exceed six (6) months.

3. **Final Invoice:** The **LPA** will submit to the **STATE** a complete and detailed final invoice with applicable supporting documentation of all incurred costs, less previous payments, no later than twelve (12) months from the date of completion of work or from the date of the previous invoice, whichever occurs first. If a final invoice is not received within this time frame, the most recent invoice may be considered the final invoice and the obligation of the funds closed. Form BLR 05613 (Engineering Payment Record) is required to be submitted with the final invoice for engineering projects.
4. **Project Closeout:** The **LPA** shall provide the final report to the appropriate **STATE** district office within twelve (12) months of the physical completion date of the project so that the report may be audited and approved for payment. If the deadline cannot be met, a written explanation must be provided to the district prior to the end of the twelve (12) months documenting the reason and the new anticipated date of completion. If the extended deadline is not met, this process must be repeated until the project is closed. Failure to follow this process may result in the immediate close-out of the project and loss of further funding.
5. **Project End Date:** The period of performance (end date) for state and federal obligation purposes is five (5) years for projects under \$1,000,000 or seven (7) years for projects over \$1,000,000 from the execution date of the agreement.

Requests for time extensions and joint agreement amendments must be received and approved prior to expiration of the project end date. Failure to extend the end date may result in the immediate close-out of the project and loss of further funding.

6. **Single Audit Requirements:** If the **LPA** expends \$750,000 or more a year in federal financial assistance, they shall have an audit made in accordance with 2 CFR 200. **LPA's** expending less than \$750,000 a year shall be exempt from compliance. A copy of the audit report must be submitted to the **STATE** (IDOT's Office of Internal Audit, Room 201, 2300 South Dirksen Parkway, Springfield, Illinois, 62764) within 30 days after the completion of the audit, but no later than one year after the end of the LPA's fiscal year. The CFDA number for all highway planning and construction activities is 20.205. Federal funds utilized for construction activities on projects let and awarded by the **STATE** (federal amounts shown as "Participating Construction" on Addendum 2) are not included in a **LPA's** calculation of federal funds expended by the LPA for Single Audit purposes..
7. **Federal Registration:** **LPA's** are required to register with the System for Award Management or SAM, which is a web-enabled government-wide application that collects, validates, stores, and disseminates business information about the federal government's trading partners in support of the contract award and the electronic payment processes. To register or renew, please use the following website: <https://www.sam.gov/SAM/>
8. **Required Uniform Reporting:** For work not included on a state letting, the Grant Accountability and Transparency Act (30 ILCS 708) requires a uniform reporting of expenditures. Uniform reports of expenditures shall be reported no less than quarterly using IDOT's BoBS 2832 form available on IDOT's web page under the "Resources" tab. Additional reporting frequency may be required based upon specific conditions or legislation as listed in the accepted Notice of State Award (NOSA). Specific conditions are based upon the award recipient/grantee's responses to the Fiscal and Administrative Risk Assessment (ICQ) and the Programmatic Risk Assessment (PRA)..

NOTE: Under the terms of the Grant Funds Recovery Act (30 ILCS 705/4.1), "Grantee agencies may withhold or suspend the distribution of grant funds for failure to file requirement reports" if the report is more than 30 calendar days delinquent, without any approved written explanation by the grantee, the entity will be placed on the Illinois Stop Payment List. (Refer to the Grantee Compliance Enforcement System for detail about the Illinois Stop Payment List: <https://www.illinois.gov/sites/GATA/Pages/ResourceLibrary.aspx>)

Division of Cost Table

When the LPA desires to use one or more lump-sum amounts before the federal percentage is calculated, specify the order in which it should be used and the "not to exceed" amount. The following provides an example of the wording that may be used:

Lump-sum \$60,000 TARP funds not to exceed 50% of final cost of project credited to the project to be utilized first.
Lump-sum to be utilized second not to exceed \$20,000 EDP funds.
Lump-sum to be utilized third not to exceed \$40,000 SMA funds.

These specified amounts will be used in sequence, with the federal and local percentages calculated after they are deducted.

When the LPA desires to use a percent "not to exceed" commitment, the federal and state funds will be used concurrently at the specified percentages up to the "not to exceed" amount.

Example: Maximum STR participation 80% not to exceed \$100,000.
Lump-sum SMA not to exceed \$20,000 to be used as a match to the federal funds.

Be advised that the "not to exceed" amount specified under a percentage commitment will be tied up and unavailable for programming until the project is closed out and a documentation review has been completed by IDOT or FHWA, if required.
